Magnetic Bottle Opener

Powerful magnets covered by protective rubber allow for scratch-free magnetic mounting.

Pop the top off and catch the cap in one single-handed action!

Leaving no caps on the ground fits in with our "No cap left behind" policy. This heavy duty magnet goes where you and your friends go. It mounts magnetically to your fridge, to your vehicle for tailgating, and to the metal side of your grill for barbecuing. Yes, these magnets are strong enough to hold firmly and not scratch finished surfaces because the large multiple magnets on the back have rubberized protective covers.

Customize the entire base with a colorful "skin" or add a smaller die cut custom decal over the brushed stainless steel surface. Great for company store swag, corporate gifts and premiums, commemorative event promotions, and retail outlets. This magnet offers prime advertising real estate that reaches people who drink out of glass bottles. Don't forget, some sodas still come in bottles, too.

Flexible Magnets

Got a great promotional idea? Put your artwork on a magnet.

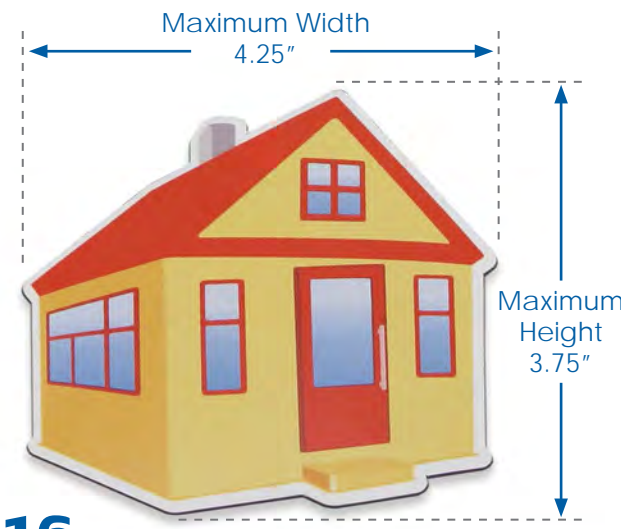

Full color direct imprint to vinyl which can be made in any size and shape you need. Indoor magnets are approximately 25 mil if laminated and outdoor magnets 35 mil laminated. For basic mailing magnets, 15 mil thick are best used and do not need to be laminated.

Completely Customizable

We can help you create the desired impression, with a custom magnet or use a basic shape and size for your next advertising opportunity. Die cut fee: \$30 (V) for non-rectangular shapes.

How to measure square inches of special shape magnets:

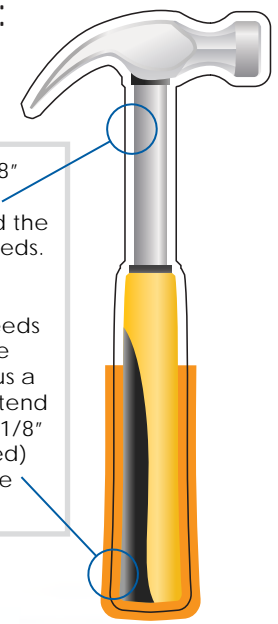

Maximum Width X Maximum Height = Total Square Inches

As in the example to the left, 3.75" H x 4.25" W = 15.93 sq. inches, round to 16

Proud users of PrintMagnetVinyl

Note: Allow 1/8" border (white space) around the art for non-bleeds. If bleeds are desired, art needs to measure the actual size, plus a bleed must extend a minimum of 1/8" (3/16" preferred) beyond the die cut edge.

Pricing chart based on magnet size in square inches with standard rectangular cut.

General Information

Artwork Requirements

We accept vector format, high resolution (minimum 300 dpi) .eps, .ai and .pdf files. All fonts must be converted to outlines or curves. Exact PMS color match is not available. All of our printers are 4-color CMYK.

Submit files with images **already sized** for printing. Failure to provide correct artwork may result in a set-up fee.

Design assistance with artwork is available for \$60 per hour (half hour minimum time).

Send artwork to: art@AdsOnMagnets.com

Production Time

Many orders have a 3 to 5 working day production time. Production time begins when artwork is approved.

Rush Orders

A standard \$25 rush order fee applies to most products. We can offer a 24 hour turnaround time for some products if artwork is print ready. Call for pricing and availability.

All orders should include:

- ASI or Sage number
- In-hand date (if needed)
- Item number and color
- Artwork
- Ship-to address
- Company name, address and phone number
- Your name and e-mail address
- Credit Card Payment form unless pre-approved (form is available at our website)
- Send orders to: sales@AdsOnMagnets.com

Over/Under Runs

We ship exact quantities as specified in the approved purchase order. If we ship overruns, they are a gift to you at no extra charge.

Payment

We offer net 30 terms to all pre-approved distributors. New customers should include completed credit card form with order.

Shipping

U.P.S. Ground Shipping is standard but we use all major carriers and will ship orders as economically as possible. On ground shipping, delivery time is not guaranteed. They sometimes take a day longer than scheduled. If you have a tight deadline, it may be wise to go with Next Day, Second Day, or Third Day Select Shipping. We need a physical address since UPS does not ship to P.O. boxes.

Drop Shipping

First location – no charge. Additional locations: \$3.50 each. We make every effort to meet your requested in-hand date. However, we cannot be held responsible if delivery is delayed by the freight carrier. All shipments are F.O.B. production facility.

Sample Policy

EQP list price.

AOM will provide up to \$5 worth (EQP List Price) of random samples at no charge with your shipper number. We will charge for the more costly samples but offer a full credit for the cost of that sample against an order placed with us within 30 days from receipt. If multiple samples are ordered, we will only credit against the actual items that are ordered, not all samples.

Send sample requests to sales@AdsOnMagnets.com. Because our magnets have very strong magnetism, most samples are shipped via UPS. Due to the volume of samples processed, we require a shipping number for all sample requests. Some product color requests for samples might not be available depending on inventory. Please indicate at the time of the request if a tracking number is required.

Magnetic Business Cards

Add some magnetism to your logo with printed **Business Card Magnets!** Custom business card magnets sit on the fridge or file cabinet as a constant reminder of your products and services.
